You were young and I was older, how it hurt to break
our ties. I remember our last night and the tears in your
eyes. You were my everything but it just wasn't our
time. Being happy was never easy, but now I wish I
tried. Some people call it going backwards but they
don't realize. I never saw in another girl what I saw
looking in your eyes. And now it still remains, you're
still here inside. Maybe I am the biggest fool, to try and
turn back time. One more time and every day I wish
you'd call, to give us another try. It was hard from the
start oh sweet child of mine. Your parents disapproved
of me so we snuck around and lied. We got ourselves a
Holiday Inn room for a night. I 'm coming to pick you
up, cause your not old enough to drive. It's been much
to long for me without you in my arms, without you next
to me. It hurt so bad to watch you walk away and never
look back, you got over me. Who'd a thought it would
take ten years, for me to realize. You've always been a
part of me
