A dog and pony show. The man of the hour sits and lies
poker faced on my TV screen. I guess it don't mean a
thing to lie under oath, then abuse the power to
doublespeak your way to liberty. I'm starting to believe
you inhaled the weed. Would you please bend over so I
could blow some smoke up your ass. This stinky cigar
is making me choke on the words that are written for
me. Oral sex isn't sex if it's performed on the
commander in chief. Now read my fish stinking lips
that kiss babies one second later in that woman Ms.
Lewinski. It's political dialect, it's doublespeak. The New
Jersey State 5-0 they abused their power, criticized for
racial profiling. It don't seem fair to me, At Newark
Airport they stop the men in towels, singled out check
their bags before they board the plane. Where's
Reverend Al to protest for Habib? Now would you
please bend over so I can blow some smoke up your
ass. I'm fat cause I ate half the words that I spoke in the
name of equality. If he were still alive you would piss
off Martin Luther King. Another preacher getting rich by
manipulating the public like he manipulated Tawanna
Brawley. It's politically incorrect.
