Ooh, short and sweet
No sense in draggin' on past our needs
Let's don't keep it hangin' on
If the fire's out, we should both be gone

Some people are made for each other
Some people are made for another for life, how 'bout
us
Some people can hold it together
Last through all kinds of weather, tell me can we

Now don't get me wrong
'Cause I'm not tryin' now to end it all
It's just that I have seen
Too many lover's hearts lose their dreams

Some people are made for each other
Some people are made for another for life, how 'bout
us
Some people can hold it together
Last through all kinds of weather, tell me, can we

How 'bout us
How 'bout us, baby
How 'bout us
How 'bout us, baby

Some people are made for each other
Some people are made for another for life, how 'bout
us
Some people can hold it together
Last through all kinds of weather, tell me, can we
