It's always been wishing
It's always been imagination
It's always been could you wait until tomorrow
I'm counting those someday
and how they've come and gone
I'm watching my calendar
and those gone tomorrows

You keep telling me it's gonna to be next time
You promise to me it's gonna to be next time
But I'm tired of waiting, anticipating, I need you this
time
Going to be the one, this is going to be the one
Going to be the one
This Time, This Time, This Time, This Time

Could be I'm running
Could be you're holding back again
Could be we just don't know where to begin

You keep telling me it's gonna to be next time
You promise to me it's gonna to be next time
And I'm tired of waiting, anticipating, I need you this
time
Going to be the one, this is going to be the one
Going to be the one
This Time, This Time, This Time, This Time

Going to be the one, this is going to be the one
Going to be the one
This Time, This Time, This Time, This Time

You keep telling me it's gonna to be next time
You promise to me it's gonna to be next time
But I'm tired of waiting, anticipating, I need you this
time
Going to be the one, this is going to be the one
Going to be the one
This Time, This Time, This Time, This Time

Going to be the one, this is going to be the one

Going to be the one
This Time, This Time, This Time, This Time

Going to be the one, this is going to be the one
Going to be the one
This Time, This Time, This Time, This Time

Going to be the one, this is going to be the one
Going to be the one
This Time, This Time, This Time, This Time
