That's right, I'm talkin' to you  
C'mon feel the juice  
Weakening your knees  
Help us spread our disease

Don't you know that you can't stop rock 'n' roll?  
Turn it up until your neck sways out of control  
Can you feel the power?

Give me fuel, give me fire  
Download all that I desire  
Wreckin' my ears 'til I retire  
Tearing off a chunk of your soul

Other bands amps go to ten  
Well ours, they go to eleven  
We're breakin' all the rules

So put down your booze  
And get on up, come stand up here  
I wanna see the blood squirtin' outta your ears  
Can you feel the power?

Another show, another crowd  
Turn it up, I like it loud  
That's what I'm talkin' about  
Raise your hands and let me know

Show me the the rock 'n' roll  
Show me the the rock 'n' roll

Well it's all or nothing to your town  
We're comin' till our posters  
Are all over your girlfriend's wall  
Show me the rock

So dust off your boots and your winged horn salute  
Grow back your mullet wear your leather and chains  
In the name of Ronnie James Dio and Motley Crue  
Slayer and Ozzy too, come on and sing along with me

Give me fuel, give me fire

Download all that I desire  
Wreckin' my ears 'til I retire  
Just like in the days, I come home

Show me the the rock 'n' roll  
Show me the the rock 'n' roll

If the van is rockin' don't come a knockin'  
Giving groupies a good cocking like not seen since  
Dokken  
Show me the rock because we're loud and we're proud  
Let me hear you shout, oh yeah

Show me the rock 'n' roll  
Show me the rock 'n' roll, yeah  
Show me the rock, rock, rock, rock, oh yeah
