Hey yeah, oh yeah  
Do u see?

Do u see what I see? Yeah yeah  
Do u see what I see? Alright  
Do u see what I see? Yeah yeah  
Yeah yeah, yeah yeah

Never say never, now I know better  
Always said, I'll never fall in love, oh no  
I never felt pressure till I got with you  
Now I finally found someone, do you, do u see?

Do u see what I see?  
A future, a family, you and me, baby  
Do you feel how I feel?  
How I love you so much, you're all I want

Use to play men's, that was tens, with the Benz  
And I ran for the dividends until I found a special friend  
in you  
My life has changed romantically, catastrophe, it has to  
be  
All because of you, oh baby, baby

I never ever loved someone, no  
Quite the way I loved you, honey  
You brighten my days, you are my sun  
Oh, it's the way that you love me, baby

Do u see what I see?  
A future, a family, you and me, baby  
Do you feel how I feel?  
How I love you so much, you're all I want

I never ever loved someone, no no no  
Quite the way I loved you, honey  
You brighten my days, you are my sun  
Oh, it's the way that you love me, baby

Do u see what I see?  
A future, a family, you and me, baby

Do you feel how I feel?  
How I love you so much, you're all I want

Do u see, do u see what I?  
Do you feel, do you feel what I?  
Do u see what I see, what I see?  
Do you feel, do you feel what I?  
Do u see, do u see what I?  
Do you feel what I feel? Oh come on now say
