[Hook - 2x: Ric Rock]

Sticky fingers is the one I love  
I love him, I love you

[Tray Deee]

Mmm, mmm, mmm

Sometimes I just look at how you buy me things  
Before I split you wide open and I take a whif  
You so fine and now that you mind, it's that time  
I'm holdin' on you close, can't wait to be kind  
Slowly dig you out and spread you 'cross the sheet  
Run my fingers through your hair, 'til you soft and  
sweet  
As you clingin' to my fingers, time to get you hot  
Wrap you up real tight, then I lick the top  
Got you properly positioned to consume you whole  
But I know as we together I'ma lose control  
Any way I spark the flame and the games commence  
As your aroma take over I get faded quick  
See you fill me with a feeling so fulfilling it's thrillin'  
That without you it's about to be a reason for livin'  
I spend my last cash, even chose to fight  
But yet I would even share if the mood is right  
Let's get high

[Hook - 1x: Ric Rock]

Sticky fingers is the one I love

[Goldie Loc]

Where my grinder at?

Where my grinder at?

So I can breakdown some Colombian black

Can't find my tire, so I use my 'tibs

Twist it up in some chocolate, now hit this shit

... And hold it in for about 20 seconds

Now how the hell you'd get "Mary Jane" naked?

Watch me light the cigarette up, I bet it burn out

Now hit some of this shit nigga, it get you turned out

Make you wanna jump back and kiss ya'self

Solo blunt to the neck, I don't need no help

But if I run to a bad bats, it's just anotha dollar loss

In time to pop my collar, 'til I pop a collar off

Situation sticky, no need for being picky

Don't touch ya face, the crystals make you itchy

Who's the thief that stole ya keef?

I had to smash on the teeth, right down the streets

You know why?
