I got bills, bills, bills and more bills
Bills, bills, bills and more bills
And when you think your bills are through
Uncle Sam is right there waitin' on you
I got bills, bills, bills and more bills
Bills for my car, I got bills for my clothes
If I don't pay soon I'm gonna be outdoors
Bills for my min, I got bills for my shoes
So many bills, I don't know what to do
I got bills, bills, bills and more bills
Bills, bills, bills and more bills
And when you think your bill sare through
Uncle Sam is right there waitin' on you
I got bills, bills, bills and more bills

Went to my friend the other day
I said I can't do a thing, I got bills to pay
A bill for my furniture, I got a bill for my gas
A bill for my light, how long can it last?
I got bills, bills, bills and more bills
Bills, bills, bills and more bills
And when you think your bill sare through
Uncle Sam is right there waitin' on you
I got bills, bills, bills and more bills

Bill for my watch, I got bill for my ring
So many bills I can't do a thing
A bill for my man, I got bills for my honey
I can't get income upon my alimony
I got bills, bills, bills and more bills
Bills, bills, bills and more bills
And when you think your bill sare through
Uncle Sam is right there waitin' on you
I got bills, bills, bills and more bills
Bills, bills, bills and more bills
I got bills
Bills
I got bills, bills, bills...
