I always thought that a man should be the boss in his home.  
but how can a king run his castle when he's always gone  
(now listen)  
I tried to do the things for you that a woman should do  
but you take me for granted baby,  
you must think I'm some kind of fool

But here's some food for thought  
and I want you to understand  
I can love you like a woman,  
but oh! also fight you like a man  
(did you hear what I said?)  
it's alright

You rush out, and take your time coming in  
that's how it's always been  
you been treating me like I'm a piece of wood  
since I don't know when  
but I'm a peaceful woman  
I know violence is no good  
but I can't demonstrate to you  
to be understood

so I'm gonna tell you in plain english  
just as plain as I can  
I'm gonna love you like a woman  
but oh! also fight you like a man  
(did you hear what I said?)  
it's alright

solo

very first thing you said to me,  
I wear the pants  
then you turned around and you started cheating  
showin me you got a trend

but baby your time,  
is very close at hand

I'm gonna love you like a woman  
but oh! also fight you like a man  
tell the truth  
(and don't think nothin' bout it!)  
it's alright

I gonna get you back now baby ,tell the truth  
oh! it's alright...oh yeah  
tell the truth..I'm gonna fight you baby!  
it's alright oh!  
tell the truth  
oh yeah
