yeah i got what it takes to make a good man deny his
name
yeah i got what it takes to make a good man deny his
name
i got that same thing that make a bulldog break his
chain

yeah i got what it takes to make a rabbit whip a pack of
hounds
yeah i got what it takes to make a rabbit whip a pack of
hounds
i got that same thing that make a lion lay down with a
lamb

yeah i got what it takes to make the kid love ???
yeah i got what it takes to make the kid love ???
i got that same thing that make a lion lay down with a
lamb

i got it - i got what it takes
yeah i got it - i got what it takes
yeah i got it - i got what it takes
yeah i got it - i got what it takes

ain't it a shame the whole world's fighting about the
same thing
oh yeah
