Verse 1-

They say beauty never lies, it's in the eye of the
beholder.
I aint gonna lie, all I wanna do is hold ya. Never let you
Go, let you never leave my sight, cause seeing is
believing,
And I believe in you tonight. And I love you. and girl you
know I do.
Every single line I spit, ever word I say is true. And I'd
die,
Without you, I need you in my life I don't know what I'd
do.
If you left me, I'd prolly kill myself, I aint crazy, I'm in
love.
Aint no pill that'd help. I need ya body, I need ya soul
and ya mind.
Cause you balance out my life and you supportin my
grind.
When I hustle, ya know I'm thinkin of you, when I'm all
up in the booth
You the reason I do, everything I do, me and you, we
forever together,
Like when paper meets the glue. Baby Girl, I'm tryin to
start our life,
Our future together, you bein my wife. And that's a
fact, aint no fiction
In that. I'm tryin to be the worlds greatest at this thing
called rap.
And you got my back, and you got my all. If I got you by
my side I aint
Never gonna fall. We on top forever, like Bonnie and
Clyde, but all
You stole was my heart, so aint no reason to hide.

-Chorus-

I said Baby Girl, I'm Loving you, I'll never leave
Unless you ask me to, we gon' be alright, we gon'
Hold on strong, with a love like this we can't go wrong.

Verse 2-

You see these hoes on t.v. and these sluts on the
streets, these rabid
And filthy bitches well they just aint me. Now not all of
em bad, in the eyes
Of a guy, but they bad for me, let me tell ya why, I got a
queen. She means
The world to me. If she needed salt or water, I'd cry her
the sea. Yeah I said it
Before, and I'll say it again, me and you baby, we the
best of friends. It
Started out fast maybe for the two of us. I'd been
around the block, and this
The first you felt in love. But something from the
moment that we first ever
Touched that told me deep inside that love was what I
struck. I could say it again,
But you'll argue, I could hold you so tight you wont
budge, In your ear I could
Whisper so lightly, truth is, I could never love you
enough. And It's tough.
Cause I try so damn hard, I wanna have a home with
the kids out in the yard
But the music that I'm makin is my dream occupation
stemmed from childhood
Frustration, and I know you loose your patience, but I
swear I'm gonna make it
Just so we can live alright. you the calm before the
storm, and my shelter from
The night, your the women taht I love, your the reason
for my life. Your my
Chill when I get down from the constant pain and striff.
I love you.

-Chorus-

Verse 3-

You've become the sun to my ever changing earth, you
brought me peace
And love and took away all of the hurt, you my angel
my love, my baby, my boo.
This smile that I'm rockin is all because of you. You've
givin me your body, we've
Been one tho we are two. And It's true, I love you more
than you think I do.
And I'd do, anything you asked me to, I aint whiped I
got It bad, I aint afraid to admit
To that. Cause you know that I love you, you know I'm
stayin down, music to
My ears anytime you make a sound. I act a clown, when

all my friends around,
I can turn the crazy down if it starts to make you frown.
Ya smile, is all I ever wanna see.
Can't wait till the day taht we in this officially. Mr. and
Mrs. K-O-L-G living happily, f
Ollowed up by A-T-E. My misery, your sympathy. It had
to be our best company.
What's best for me, aint right for you. What you want, I
don't wanna do.
But we stay together, we stayin true. I'm so in love, I
owe it all to you.
And one last thing, you'd like to know, I love you girl. Yo
you my life I owe.

-Chorus-
