Listen to my prayers,
You gods of rock and roll,
I've got to change the world,
Before it eats my soul.

And now I see the truth,
And it ain't hard to find,
So let me play something
That can never leave your mind

I'm waiting (hey)
I'm waiting for the day
I'm waiting (hey)
So take these dreams away
I'm waiting (hey)
I've been waiting for so long
I'm waiting (hey)

Why does waiting seem so wrong

I'm waiting for the man
The man who holds the key
But it's so hard to find
What you cannot see.

Livin on the edge,
Dying in my brain,
I want to fight the past,
But it is not the same.
(Let my spirit free)

Hey hey oh yeah
I'll fight until I die
I've got to face the demon
And hear the dragon's cry (dragon's cry)
