Well there's one more hour until the sun goes down  
One more chance to make it happen right now  
I close my eyes, even though i'm scared of the dark  
[x2]

Yeah, just got of the subway on my way home  
My head is spinning  
In this sense I don't know where I'm going  
I see my building  
And in the back of my mind it says,  
You don't have anything to prove  
But between all the lines that I read,  
Can't wait for the new my cool  
To be honest I don't know if I have it  
I've been looking all over for the magic  
Always see me through the beats,  
Trynna catch that feeling all along  
But it's just not happening  
I'm afraid of the outcome  
And I'm afraid of my album  
I'm afraid of what they'll think of my thoughts,  
When they hear how much I doubt them

Well there's one more hour until the sun goes down  
One more chance to make it happen right now  
I close my eyes, even though i'm scared of the dark  
[x2]

Yeah, they ain't gonna say a damn thing  
All the hours that put me here  
And I don't wanna be in vain  
I just can't see it I swear  
But sometimes I get really low  
There's not a word on paper  
And I don't know which way to go  
This has to thrill my haters  
Kind of like I'm on a rebound  
All they trynna se is where the ball is going  
I wrote a verse but it took three hours  
To get sixteen got caught in the moment  
That's just how it goes sometimes  
These are thoughts that's on my mind

This is why it's taking time  
I can't help that I'm  
Afraid that I'm not who you say that I am  
Did a lot of things but a lot of things weren't really  
planned  
Yeah, what happens if I'm not who you say that I am?  
It's creeping up like..

Well there's one more hour until the sun goes down  
One more chance to make it happen right now  
I close my eyes, even though i'm scared of the dark  
[x3]
