Day is close  
Sky is getting dark  
Far away  
Show is coming up  
The bells of vengeance  
You will hear  
None hide  
None will survive

All the time  
We watched on you  
Your lives are nothing  
You belong to us

We gave you right  
To exist on this world  
If you've objections  
How you wrong,  
we can prove!

Fury of Gods  
Sword from the sky  
Don't try to hide cause  
you die in pain (death will worst)  
This time no court  
just a punishment

You prayed for us  
When you wanted help  
We got gifts  
On the altar's stones  
Now, Gods of war  
Waiting in the dust  
But destiny  
Going against the time

Resurrection  
Gods of war  
Retribution  
Bend you head  
For your sins

Resurrection  
Death is near  
Retribution  
Nothingness

We learned you live  
Now, we learn you die  
You lost your sense  
You waste you pride  
Our payment is coming  
For the change is too late  
The razors fallen down  
Time is up for the death
