He?s hiding in the shadow.
He?s watching your move.
He?s hunting for you
Trying to arrest you!
The servant of the system, the government?s spy!
He wants to get promotion in his fucking job!

Invigilation-Machine of legal terror!
Shield of the system!
Another step to reach the goal!
Invigilation-Machine of Legal terror!
You better hide when the "All seeing eye" watches you!

He?s faithful on duty. He works all night.
Under the mask he hides his face!
Hey brother watch out, watch what you say!
If you don?t you?ll find the cops in your house?

Invigilation-Machine of legal terror!
Shield of the system!
Another step to reach the goal!
Invigilation-Machine of Legal terror!
You better hide when the "All seeing eye" watches you!
