"Save Our Pride"

Visit "[Save Our Pride](#)" on MotoLyrics.com

I remember winter
Twelve years ago
When White youth fought
Against Mandela's dogs
Eighty niggers stood
Against our own
It's happened in our Town
It's happened in our Homes

Save our Pride
Fight to die
Save our Pride
Till the end

The niggers never fought fair
But they had no chance
We had the right on our side
The Strength that was in our hearts
After the twenty minutes
Blood flooded the streets
They got to feel
Who rules this place
Who rules this town
