Rejected Rejected out of society The Violence Just violence is my truly love I fuck the trendy fitting stuff Adrenaline this is my life Throw worthless mercy away from me What is that mean Law of this world?

Law Law of this world! Law Law of this world! Injustice and trash Law Law of this world! Law Law of this world! Injustice and trash

Morality, Let's go angels; Show me your hands The Prophets With their stupid of hypocrisy You try to make you life as clearly Believing you trying go to the heaven All the time you were a whore But now you gonna to be a sacred?

Harms Harms The harms I'm not sensitive for the harms The pain Here animal instinct is nothing new Praying to pain, scream to the silence Out of control, out of the law Like a hunter going through the darkness

I break this ties to be a free

Inside your self You waiting for the storm Out of show you always felling worst Waste your sense Waste your chains of mind Stand as warrior In this falling cause
