[Intro:]

Yo

Yeah

I only think of you (only think of you)

Yeah

I just wanna let you know baby

That I'm constantly thinking about you (just wanna let  
you know)

Nothing in the world will change that (yeah)

[Verse 1:]

When the sun goes down

And the moon begins to rise

I wanna be looking in your eyes (in your eyes)

Rubbing on your thighs

And whispering in your ears

Now and forever

I wanna have you there

And baby

[Chorus:]

Close to me

Is where you ought to be (yeah)

Close to me

Cause I need to set my feelings free (yeah)

Close to me

Is where you ought to be (baby)

Close to me (baby)

I need to set my feelings free

[Verse 2:]

Time and time again (time again)

I try to pretend I'm not in love with you

But I know it can't be true, oh girl

The things I wanna do to you (wanna do to you)

And sudden wanna be next to you

Loving you (loving you)

That is all I wanna

All I wanna do

[Chorus:]

Close to me

Is where you ought to be (yeah)  
Close to me  
Cause I need to set my feelings free (yeah)  
Close to me  
Is where you ought to be (baby)  
Close to me (baby)  
I need to set my feelings free

[Verse 3:]

No otha girl eva mek me feel like this before  
Baby let me in because I'm knocking at yuh door  
And everytime we touch  
You leave me wanting more  
Several days of the week  
The hours of twenty-four  
I love your face, you hips, you waist  
The way you move around  
Baby give me a smile nuh  
Put away the frown, yo  
Come inna mi heart  
And you will be safe and sound  
Girl you sweep ma feet from off the ground  
And let me tell you this

[Chorus:]

Close to me (close to me)  
Is where you ought to be (oh baby, baby, baby girl,  
yeah)  
Close to me  
Cause I need to set my feelings free (yeah)  
Close to me  
Is where you ought to be (baby)  
Close to me (baby)  
I need to set my feelings free

[Bridge:]

You will always be a part of me (oh baby)  
Girl I want you to be close to me  
In my arms is where you ought to be  
You will always be a part of me  
In my dreams or in my fantasies

[Outro:]

Girl I want you to be close to me  
(Close to me)  
In my arms is where you ought to be  
(Is where you ought to be, yeah)  
You will always be a part of me  
(Close to me)  
In my dreams or in my fantasies  
(Cause I need to set my feelings free)

Close to me  
Is where you ought to be (baby)  
Close to me (baby)  
I need to set my feelings free
