Words broken over my head
Empty stare obstructing my insides
Crucification burn down their beliefs
In tyranny, through irony
Mental fiction bloodshed lullaby
Cast amongst the prisoners in chains
I'm a slave to your divinity
It's blinding, redesigning

You said you'd spend a lifetime
Just to regain my trust
Can't believe I fell for that too
Just like I always do
Leaving me dead (on)
The (inside)
You think it makes things better again
(From) the (inside)
It was fatal attraction

You made me think something was there
But nothing was there
Nothing was there, nothing was there
Through obstruction

Words broken over my head
Empty stare obstructing my insides
Crucification burn down their beliefs
In tyranny, through irony
Mental fiction bloodshed lullaby

Cast amongst the prisoners in chains
I'm a slave to your divinity
It's blinding, redesigning

You said you'd spend a lifetime
Just to regain my trust
Can't believe I fell for that too
Just like I always do
Leaving me dead (on)
The (inside)
You think it makes things better again
(From) the (inside)

It was fatal attraction

You made me think something was there
But nothing was there
Nothing was there, nothing was there
Through obstruction

Through Obstruction
Through Obstruction
Through Obstruction
Through Obstruction

You made me think something was there
But nothing was there
Nothing was there, nothing was there
Through obstruction

Empty stare obstructing my inside
In tyranny, through irony
