Contagious spurs of laughter  
That quick glance you'd give me after  
They just won't go away, look's like they're here to stay  
Oh what I'd give for an inside joke  
Or see yo order milk instead of coke  
Singin' just ain't the same without you on that train

And it's the little things, it's the little things  
It's the little things I miss about you, about you

Always correcting my grammer  
Pound it into my head like a hammer  
It ain't no nothing new that you are bright enough for  
tow  
Your drawings on my notepad  
And how the checkout ladies would feel bad  
When they think that I'm with you, I'm with you

It's the little things, it's the little things  
It's the little things I love about you  
It's the little things, it's the little things  
It's the little things that are way too much to lose
