Well, I was sleeping  
Only in my head  
Slipping in and out of time  
And I was lifting  
Always higher  
And the women of heaven sang  
They were singing  
How'd you like that?  
How'd you like that?  
How'd you like that?  
How'd you like that?  
How'd you like that?  
How'd you like that?  
I like it  
How'd you like that?  
How'd you like that?  
How'd you like that?  
It lifts me up  
What better time to  
Take a ride with you  
Through the universe tonight  
The look of silence  
Much like your face  
And the symphony that helps me sing  
They were singing,  
How'd you like that?  
How'd you like that?  
How'd you like that?  
How'd you like that?  
How'd you like that?  
How'd you like that?  
I liked it  
How'd you like that?  
How'd you like that?  
How'd you like that?  
I only just let go  
How'd you like that?  
How'd you like that?  
How'd you like that?  
How'd you like that?  
How'd you like that?  
How'd you like that?

I like it  
How'd you like that?  
How'd you like that?  
How'd you like that?  
It lifts me up  
(How'd you like that?  
How'd you like that?  
How'd you like that?  
How'd you like that?  
How'd you like that?  
How'd you like that?)  
I feel for what you feel for me  
Let's work together  
(How'd you like that?  
How'd you like that?  
How'd you like that?)  
Take it out across the sea  
To America  
(How'd you like that?  
How'd you like that?  
How'd you like that?)  
I feel for you what you feel for me,  
so let's work together  
(How'd you like that?  
How'd you like that?  
How'd you like that?)  
Take it out across the sea  
Let's work together
