Is it me, is it you
Is it the times that we're living through
Was it hard when I had to leave
That day you seemed to change
We all need someone to guide us
Someone to introduce the show
I needed someone just like you
Someone to let me know
I could loose it all

(Chorus)

Well I began to breakdown
Searching overtime
Bring me a pigs heart
And a glass of wine
There was nothing that you could of done
There was nothing that you should've said
We're both still chasing shadows in our hands
It was all to soon

(Second Verse)

[But is it me, is it you
Is it the times that we're going through
Was it hard did your heart breakdown
Is your mind still in control

There is a violence in love
Somethings I'll never understand
So where the bullets missed you out
They hit me I'm falling down again

(Second Chorus)

Well I began to breakdown
Searching overtime
Bring me a pigs heart
And a glass of wine
There was nothing that you could of done
There was nothing that you should've said
I'm still chasing shadows in my head
It was all to soon

(Outro)

Was it me, was it you
Was it the times that we're living through
On my way to see you again
You were my only friend
I know you needed someone to guide you
And the world you should've owned
I need someone to guide me
Someone to let me know
I could loose it all
