It's killing me
Yeah, the things that you can do
That no one else can do to me at all

Am I wasting my time?
As I feel that I'll go out
And find someone that's out of luck too

And if I had to do it all again
I were to feel the love that I know you can send
Did I send love?
Did I move too close?
Will the wind blow her away?
Will the wind blow her away?

And I saw you cry
So I know you didn't mean
To creep into my dreams just to turn me down

You say you feel so used
But it was you who turned it on
And used all of your charms just to bring me in

And everybody knows the games she plays
And every time she loses she runs away
Did I send love?
Did I move too close?
Will the wind blow her away?
Where will the wind blow her today?
Will the wind blow her away?

You can help me out
I want to love you again
You can help me out
I want to love you again
'cause I feel so cold without sun
And you're the one I can't run from

Will the wind blow her away?
Will the wind blow her away?
Will the wind blow her away?
