So Luby Loo , she's got time for you, time for me, she's
got time for any man!
Sticky fingers and a sticky mind, a heart earned heart
and a heart of glass in her hand!
Oh! Luby, here she comes! Whoa! She's so full of fear!
Listen!

Luby Luby Loo, Luby won't you learn that you caused
my pain?
Luby Luby Loo, Luby won't you learn that you caused
my pain?
Luby..Luby

Luby, Oh! Here she comes, Whoa! Come over here!
Sticky fingers and a sticky mind, a heart earned heart
and a heart of glass in her hand!
Whoa!

Luby Luby Loo, Luby won't you learn that you caused
my pain?
Luby Luby Loo, Luby won't you learn that you caused
my pain?
Luby Luby Loo, Luby won't you learn that you caused
my pain?

Ha! Ha! Ha! Ha! Ha! Whoa!

[guitar solo by Hugh]

So Luby, you took my love away! I gave you all I gave
you, I gave you all!
So Luby, you took my love away! I gave you all I gave
you, I gave you all!
Luby you took my love away! I gave you all, I gave you
all!
