See the same old crowd again  
Wash my hands and shake my feet  
And yes I missed you all  
Since I last saw you I fell down the rabbit hole

As I wonder what we'd be like  
Wrapped up, so up tight with you  
Lust will do funny things  
I don't want you to go out looking so good  
And you look so good

Rosie,  
Well I feel your love and I want you to agree  
To be,  
Still take your time but get to me  
Rosie

She looked away as I mentioned my name  
The street lights light up my shame  
The world can take you and swallow you whole  
But you're a big girl and I think you already know  
You've been bought and sold

Be careful with me  
I see all that you see  
Troy died in a day for little Rosie

Rosie,  
Well I feel your love and I want you to agree  
To be,  
Still take your time roll your stone to me  
Rosie

Gonna find you now I'll walk the beat  
And you'll do me a pirouette in the street  
And although we'll fall we'll find our feet  
Rosie

Well I wanted you so easily  
Illusions past and now I see  
Image is so different to reality  
Rosie
