Yeah, I saw you, I see you too
I peeped you out, oh, you watchin' me?
I know where you go, no, you don't
I'm watchin' you, so you say
But I'm watching you too

I love your sweet eyelashes, your darkskin flavor
Every morning going to school on the elevator
Soft and nicely, the girl entice me
Diamonds on her watch, she rock her ice B

With a North Face coat, apple bottom jeans
The El Dorado is smooth, when the mack gleans
The President is there, the stars walkin' on the scene
Tastes so good, her body like Krispy Kreme
Frequent a mask, it ain't even Halloween
(It ain't even Halloween, Halloween)

Girl take it off, shake, shake, shake it off
Move your pom poms, bikinis and your panties off
Rub on the lotion, baby oil, nice and soft
Come here, baby, I'ma break U off

Girl take it off, shake, shake, shake it off
Move your pom poms, bikinis and your panties off
Rub on the lotion, baby oil, nice and soft
Come here, baby, I'ma break U off

Don't get me wrong now, I like 'em blond with long hair
They call me Sauvere, I like her underwear
She don't mind posin', she don't even care
I like her atmosphere, plus she's out there

The type of girl to break out, yo, we outta here
House and closets, model with a lot of gear
She love to clown and pose, spread 'em on the chair
Talk on the rooftop, when she wanna feel some air
I know her secret phone, when she's leavin' home
Her Benz is baby blue, convertible, trimmed with
chrome

Girl take it off, shake, shake, shake it off

Move your pom poms, bikinis and your panties off
Rub on the lotion, baby oil, nice and soft
Come here, baby, I'ma break U off

Girl take it off, shake, shake, shake it off
Move your pom poms, bikinis and your panties off
Rub on the lotion, baby oil, nice and soft
Come here, baby, I'ma break U off

With a see-through nightgown, she got to be Spanish
Brassiere, baby, come over here
The mamacita, lick the ice off her back when I freak her
She look Brazilian sometime, her face look unique

Shower when she dance in the Go-Go bar by the
speaker
I excuse myself and let the man meet her
Family Lacosa, they call me Sosa
I hold the best wine up when I toast her

Real extravagant, better than gin
Extreme dime straight from San Juan like a 10
Eight inch heels witcha pink shorts
Hey baby, when we gonna do this again?

Girl take it off, shake, shake, shake it off
Move your pom poms, bikinis and your panties off
Rub on the lotion, baby oil, nice and soft
Come here, baby, I'ma break U off

Girl take it off, shake, shake, shake it off
Move your pom poms, bikinis and your panties off
Rub on the lotion, baby oil, nice and soft
Come here, baby, I'ma break U off
