Man, it's been quiet in the Bronx since Kate Rich got
killed
I heard some kid wearin' a mink
Fakin' like he live in Brooklyn squealed
We gon' need Johnny Cochran man, I'm tellin' you
Gotta get everybody out

Chill at home watchin' the Mets
I'ma tell Suge Knight to call Big Kap and Funkmaster
Flex
Tony Green is out of jail with a five billion dollar bail
I'ma hire two men with machine guns to do retail

Independent promotion, a couple of people got they
legs broken
Record exec found dead, body in Hoboken
Autopsy explainin what parts remainin
New York police department, the F.B.I.
Said this guy wasn't playin'

Tape around this punk's mouth, what is he sayin'?
Turned the radio up and cut his arms off
and throw him off the top of the Waldorf
Call Fat Kat in prison
Tell him his right hand mand already did that
Ten cars, meet me at the Lincoln Tunnel with stockin'
cops

We're gonna count to the one, oh, put butter on the
bun, oh
Black killed the program director but first let him sniff
some blow
See the man with the suit?
Light up the kid with the bomber jacket and Timberland
boots
Comin' at you like Tupac in "Juice", I'ma get loose

We work nine to nine, we never sleep full time
Diamonds, we bring violence!

We work nine to nine, we never sleep full time
Diamonds, we bring violence!

We work nine to nine, we never sleep full time
Diamonds, we bring violence!

Send a coffin up to Billboard with flowers in the lobby
A picture of me with Gene Griffin holdin' a hand-
grenade
I'ma fax you a copy and let you know my job ain't
sloppy
Extort the industry 'cause Nicky Barnes is gonna be
In charge of every label's distribution

My street team is gonna be eight men with loaded tecs
Ridin' around with Chrysler PT cruisers from a mental
institution
Whip mob style, Tone Capone AZ in charge of publicity
on the phone
Crazy Joe outside to meet the mixtape DJ's with
carbombs
In the parkin' zone, purple Cadillac lavender two-tone

A box packed up with a chopped off human head
With a murdered pitbull with a knife in his stomach
Federal Express to your secret home
Sonny D handle the Wherehouse and Tower
Take Coconuts and Sam Goody
And hire David Berkowitz as a receptionist for more
power

Extreme impact when Uniter Parcel
Bring bazookas and bombs in from Iraq
Close the George Washington Bridge when we attack
Carryin' duffle bag sacks
Larry Davis is workin with a thirty-eight magnum

Big stations won't have any problem hearin' the wax
(I'll play it)
With Kingston, Jamaica
Sendin the video to HBO and Cinemax

We work nine to nine, we never sleep full time
Diamonds, we bring violence!

Look at the bottom of your car, now start it
Wire on your doorknob, that's me across the street
Wearin' a pinstripe suit With a [unverified]
With black glasses talkin' to Grandmaster Flash
Lookin' at your black asses

We work nine to nine, we never sleep full time
Diamonds, we bring violence!
