Tina called, she naked over here
Angie called, she naked over here
Monica called, she naked over here
Evelyn called, she naked over here

Terry called, she naked over here
Tina called, she naked over here
Barbara called, she naked over here
Cindy called, she naked over here
Everybody called, they naked over here

Rated X, standin' naked behind yo' couch
S&S gear men, put the fruit in your lady's mouth
Pull the thong to the side, butt-licker, take it down south
She won't be mad if you rub her hair with a condom
bag

1-900 sex talker, cops can't stop the window peeker
Sex stalker, black, Chinese, security have fire
extinguisher
Baby, I'll hit yo' butt crack
Walk to the kitchen grab a Trojan pack, I'll be back

Double team, tag team
Your wife want me and Jack, dude
See dude, we come rude
Leave the room smellin' like seafood

Tina called, she naked over here
Angie called, she naked over here
Monica called, she naked over here
Evelyn called, she naked over here

Terry called, she naked over here
Tina called, she naked over here
Barbara called, she naked over here
Cindy called, she naked over here
Everybody called, they naked over here

Towels in bath and beyond
My aunt Jemimah pancake syrup is all gone
For the crushed cherry

I get off when your hotbox is super wet
Trimmed and a little hairier

No restaurants, stores are closed
Suffocate me like Nelly said take off 'All Yo' Clothes'
Under the hood mechanics
I check the engine when they sit on my nose

With the leather mask, I'm professional, starin' at
thongs
Dark shades, I see through them dresses real fast
New outfits make you dance under my strobe light
And pay me cash

Girls with the Escalades, pullin' out them mall
applications
Conceited with the perfect ass
30 miles, the camera's ready, put on your booty shorts
You need gas

Tina called, she naked over here
Angie called, she naked over here
Monica called, she naked over here
Evelyn called, she naked over here

Terry called, she naked over here
Tina called, she naked over here
Barbara called, she naked over here
Cindy called, she naked over here
Everybody called, they naked over here

Ladies in the mirror, starin' at the butt it's gettin' big
Trust I freak, hop in the rig
You sport the high heels with the red wig
Sexually, I bet you be chargin' up a dollar to holler

A dog stuck in the booty, your face mad Rudy
Mr. Goonie with looney
You know you get down with Reggie, it's our duty
I'll come down to sound
