[Singing]

Ooooooh girl, I need you
I really need you-hooooo
I want you to be that one for meee - I want you to beee
I want you, I want you-ooooh - yeahh
I want you to be that one for meee - I want you to beee
I want you, I want you, I want you, I want you

[Kool Keith]

Beautiful island baby, just you and me
Eatin canteloupe by the water
My everlastin queen I want to have my son
Give me a beautiful daughter
No other woman in the world
You are the queen of my life, my #1 girl
Takin you places you never been before
Blessin you faces you never seen before
You make my sunlight, you make my heart pour
With us ridin the horse and chariot around Central Park
Starin at the beautiful light, I smell your aroma
After dark the most sensous
Our love is everlastin incredible, most continous
The top of the mountains, I climb up it's a must
Eternal love (eternal loooove)

[singing]

I want you to be that one for meee - I want you to beee
I want you, I want you to be - yeahh
I want you to be that one for meee - I want you to beee
I want you - I want you... I want you, yeah I want you

[Kool Keith]

With my pen releasing the thoughts to your emotional
setback
The stress you had is gone, my job is to make you
forget that
Enhance your private life, pick up your veil over your
face
It's time to make you my wife, for dear life
With infinite time and destination
I'm over the lust beyond the consultation
Ready for the boats with the tender cruises with you

FOREVERRR
