[Kool Keith]

Yo, Kool Keith

Bronx in the house

Y'all know how to ill, I'ma take you to the real

Challenge the ill, brother to God

You just a ancestor, you know the shit dyker

You ride around Manhattan as a gay biker

Non-homo, you a gay hiker

Trust funds one on your nose

Lethal injections, front row at the Source Awards

My public shocked, pee on publicity

The urine splash off the Billboards

The top MC to me is Traci Lords, get what I mean?

Man, Traci Lords

Plastic fake like your backup band with drum setup

Guys blowin horns

With light Twinkie sounds on your keyboards

Y'all mad at each other

[Chorus]

Y'all want Star Wars

Y'all want Star Wars

Y'all want publicity, y'all want Star Wars

Y'all want them Star Wars

[Kool Keith]

My job is to utilize beats like this

Rap on beats like this, you know the amplitude, is rude

Mad planet at Sizzler

Ballers love the open bar but they're secrets with the seasoning

Type of hyper king to defecate in your food

Ask Tommy King from the health department

I put the urine stains in the mansion

That's \$75 a apartment

All secret toilets well

Number one rapper, go in the public bathroom

Don't even stop at Shell, around Puerto Rican Day parade

Blacks feel it, relax under my {?}

Your family is Frankie Beverly, cats spit out the Maze

[Chorus]

Y'all want them Star Wars  
Y'all want that publicity  
Y'all want them Star Wars  
Y'all want that publicity

[Kool Keith]

Teachers from Del Monte used to Bath & Bodyworks  
Familiar, when I'm layin in the cut  
Watch me front in a 310 car blastin Ashanti  
Or Maury Santana, scatter takin the honies out to Panda  
Express  
For the Panda's best, girl the exttravagance is lovely  
Though the business is about to go down  
Take you down to the alley, where you think the top  
models buy the dress  
Easy on the hot wings, baby you got 2 real players  
You better share them things  
I wear the real, you flaunt the costume  
Flash your bubblegum rings, like they new  
Tomorrow watch the Japanese dress, y'all follow  
That's right

[Chorus]

Y'all want the Star Wars  
Y'all want the publicity  
Y'all want them Star Wars  
Publicity in action  
Y'all want the Star Wars (y'all want the Star Wars)
