[Kool Keith]

Yeah..

Right down the aisle

Kool Keith and the Ol' Dirty for Mankind

[Ol' Dirty Bastard]

Yeah.. yeah..

And this is gonna be done, with everything

[Kool Keith]

2000 texture, rhymin with Ol' Dirty

with my New York Jets jersey

Left lineman comin in like Mankind

with diamonds sparklin around my rhymes

Black Levi suits, skully caps and boots

Wigs with Grecian Formula

Got us warnin ya

With backslaps, we put on, mack caps

Sit in V.I.P. with blind man lookin like Stevie

We nasty, sittin next to Regis and Kathie

Front row seats with Blowfly

The crowd is so high

Tickets with popcorn, we rock for em

No circus here, just horses and a unicorn

Tuxedos and taxis, we roll with leather maxis

Catch the back breeze

Gypsy cabs burn rubber

Signin autographs for Danny Glover

Donny Osmond and Dennis Rodman

up in a empty furniture apartment

with Mexicans maids, rubbin the spots out the carpet

We move and face our targets

[Ol' Dirty Bastard]

Punch, kick, fight - bite

Whatever you do, just kick {his fuckin} ass!

Cause I'm much different from, the other MC's  
cause I got the amazin, abilities

I can rock on the mic, so you can have a ball

I can fly through the air - stick to the wall  
I can take a punch, or get hit by a car  
I can go to the nearest or farthest star  
As a matter of fact, that's what I wanna talk about  
how I went outer space, just to be in the house  
Punch, kick, fight - bite!  
[KK] Kick his ass downtown - first round  
Punch, kick, fight - bite!  
[KK] Kick his ass downtown - first round  
Punch, kick, fight - bite!  
[KK] Kick his ass downtown - first round

[Kool Keith]  
With backsprings,  
nobody seen the girls pee on the mattress  
Who was the actress when we had to take a leak?  
I was in the stationwagon listenin to Canibus  
We're basketball with glasses  
lookin like Kurt Rambis  
Ridin the turnpike to Paramus  
drinkin a box of Tropicanas with this dumb-ass nigga  
drivin the green Bonneville from Indiana  
At a truck stop,  
the state trooper made me turn down the hip-hop  
I got out and vomit on the ragtop, stupid eggdrop  
UHAHHHH! Pass me the towel  
Was it McDonald's? I'ma sue Ronald

Punch, kick, fight  
[KK] Kick his ass downtown - first round  
Punch, kick, fight  
[KK] Kick his ass downtown - first round  
Punch, kick, fight  
[KK] Kick his ass downtown - first round  
Punch, kick, fight

[OD] Punch, kick, fight - bite
