Wisdom

[ verse 1 ]

Money - the root of all evil  
Follow the dollar, and where will it lead to?  
Pseudo science, material math  
6 degrees of knowledge, brother, you don't know the  
half  
Symbolizin symbolism, excercisin exorcism  
Make a little money, now you wanna tell me how you're  
livin  
Suckers sellin what you're sellin, now you're sellin out  
The devil sold a dream and you bought it without  
thinkin 'bout  
How the beast will decrease the brain wave  
With material thoughts from the crib to the grave  
Slaves, got you livin just to die  
For the money, lookin sweet, slick and sly  
Long as you're ridin and your system's fly  
You don't give a damn if your homeboys die  
So we gotta find a way to get paid in this system  
With or without money - with funke funke wisdom

Funke, funke, funke  
Funke, funke, funke...

[ verse 2 ]

Women - very significant  
Power is what she represents  
Contrary to what many brothers believe  
Learn the metaphysical meaning of eve  
When you get funke wisdom, then you'll understand  
The woman is the driving force for any powerful man  
>from birth to earth and earth to re-birth  
It ain't a curse, put your thought in reverse

Disperse rehearse your medium, verse first

And understand it ain't a purse that can quench your  
thirst

For love connections and spiritual conceptions

Not a act of x-rated sex, any

Man without a woman is incomplete

And vice versa she's obsolete

So I make sure within a part of my system

I got funke funke wisdom

Funke, funke, funke

Funke, funke, funke...

[ verse 3 ]

Mathematically it all adds up

All people are equal, but equal in what?

Once you understand that there's a spiritual math

Add soul to the science and subtract the riff-raff

24-7-365

Cause 9 to 5 ain't live

We're in overdrive

Take the 1st power, elevate to the 3rd

Manifest the power of the spoken word

360 degrees are subliminal

Fortified with a 144 minerals

4 elements and 4 seasons

4 corners of the world, it's all even

Mother nature and father time

Aligned with the 9 planets and combined

To influence the mind and control the whole system

Knowledge ain't enough, you need funke funke wisdom

Funke, funke, funke

Funke, funke, funke...

Funke funke wisdom
