i know i cannot changed
what's already been done
and i hate it coz im forced to move on..yeah
my family is telling me to let it go.. go ohh
it's easy to say but hard to do
they just don't know.
nothing could've preferred me
for the way i feel right now
if i would've known my future
i would've taken this part out..

(CHORUS)

i miss havin' you next to me,
i miss havin somewhere to be. .
i miss u callin' just to say hello
i'll tell you i love u
but i gotta go,
i miss drivin' while playin' our song
and somtimes stay up all night long
i miss everythin' we used to do
but most of all
baby i really miss u.
they tell me that it's not the end of the world
but since that day
my stray would've seen so many curse
you would think by now
that i would be
(doin' so much better)
but it's so hard
to weather or storm
without havin' shelter
(with no shelter)
nothin' could've preferred me
for what i feel inside
no amount of money is too much to pay
if i could turn back the hands of time
(repeat chorus)
i really wish this could be different
i rather than u cant see me this way
right now and ill be awkward
but to stay you only hearin' me say
(repeat chorus)
