Iâ'm like a cat moving fast  
Into the night  
No-one has seen me but they know me,  
They know me alright  
Grown in the streets I can tell you  
Where theyâ'll drive you to  
Iâ've learned from sadness now Iâ'm trying,  
Trying to find my truth

Iâ'm like a cat  
And your heartâ's my habitat  
Canâ't you see  
I miss you so much  
Please, love me  
Iâ'm dying for your touch  
Yes, indeed

I draw the line and lie  
In wait for my prey  
I need a kiss to keep going  
Before itâ's too late  
Donâ't go away babe, just trust  
I will treat you kind  
I look strange but Iâ'm harmless  
Thereâ's no reason to mind

Iâ'm like a cat  
And your heartâ's my habitat  
Canâ't you see  
I miss you so much  
Please, love me  
Iâ'm dying for your touch  
Yes, indeed

Living out there  
I have been everywhere  
Holding back emotions  
Put my instincts into motion

So I did without your help  
And endured to do my best  
It wasnâ't easy at all

Many times I hit the wall  
Living out there  
I have learned not to care  
Holding back the feelings  
My heart stopped bleeding  
So I had to watch my mouth  
and step out from the crowd

It wasn't easy baby  
Can't accept you saying maybe

I hide around and watch  
The sunset's last rays  
Can smell the rain behind  
Those summer's heat waves  
Shattering news may appear  
But I just don't fear  
I'll stay alive and survive  
In time this world spins by

I'm like a cat  
And your heart's my habitat  
Can't you see  
I miss you so much  
Please, love me  
I'm dying for your touch  
Yes, indeed

You don't know how I feel  
You don't know how I feel  
You don't know how I feel, baby  
You don't know how I feel  
No...
