Yukumi Nagano :

Baby, I've been waiting for you
Don't run away now
You've got nothing to lose
Baby, I feel so alone
And I need someone
To call my own

'Cause my love has just left me
And I need someone new
Who can tell me forever
In my eyes I own you (?)

Baby, oh baby, oh baby
Come to me

Baby, I've been waiting on you
Don't run away now
You've got nothing to lose
Baby, I feel so alone
And I need someone
To call my own

'Cause my love has just left me
And I need someone new
Who can tell me forever
In my eyes I own you (?)

Baby, oh baby, oh baby
Come to me
