Now everybody put on your dance shoes
It's time we all got footloose, just follow me
I'm making time to cut up the floor
It's in your eyes and I want so much more
That you're not giving

You're shaking this poor boy's world
Just put him out of his misery

Take me for a ride through devious eyes
And when I wake up tomorrow
These bed sheets tell lies, no words can disguise
And I don't wanna wake up at all

Wake up

We're all sweating to the oldies now
The King's back for ride night on the town, one thing
on mind
Oh, no I fell into your trance again
Your eyes are digging through my skin
And I want more

You're breaking this poor boy's mind
Just put him out of his misery

Take me for a ride through devious eyes
And when I wake up tomorrow
These bed sheets tell lies, no words can disguise
And I don't wanna wake up at all

I wanna be your rock & roll for old time's sake
I know I said I hate those lies
But they're what keeps me coming back

I wanna be your rock & roll for old time's sake
I know I said I hate those lies
But they're what keeps me coming back

I wanna be your rock & roll for old time's sake
I know I said I hate those lies
But they're what keeps me coming back

Take me for a ride through devious eyes
And when I wake up tomorrow

Take me for a ride devious eyes
And when I wake up tomorrow
These bed sheets tell lies, no words can disguise
And I don't wanna wake up at all

Wake up
