It's something more than something less  
Yeah, it's never obvious  
'Cause when I think about you it's like the first time  
You've seen my worst, I've seen your best  
It's never been as obvious  
So when I think about the first time  
We ever met

Just like the first time  
She's got that temper  
When I've got that tender way to say  
That we've got a problem  
'Cause we know each other all too well  
But we're all contradiction  
We always say we did it to ourselves  
But when I'm not with you  
I can think of nothing else

It's something more than something less  
Yeah, it's never obvious  
'Cause when I think about you it's like the first time  
You've seen my worst, I've seen your best  
It's never been as obvious  
So when I think about the first time  
We ever met

Just like the first time

Everything's quiet  
When there's a thousand things to say  
But dear, I don't buy it  
'Cause I'm daring but I'm scared  
To hear "yeah, I'm a contradiction"  
We always say we did it to ourselves  
But when I'm not with you  
I can think of nothing less

It's something more than something less  
Yeah, it's never obvious  
'Cause when I think about you it's like the first time  
You've seen my worst, I've seen your best  
It's never been as obvious

So when I think about the first time  
We ever met

It always comes back to that first time  
When every glance came with a sigh  
And every boy told me to try  
But it never seemed to go right  
'Cause how could my love ever help  
When I barely know myself

It's something more than something less  
Yeah, it's never obvious  
'Cause when I think about you it's like the first time  
You've seen my worst, I've seen your best  
It's never been as obvious  
So when I think about the first time  
We ever met

It's something more than something less  
Yeah, it's never obvious  
'Cause when I think about you it's like the first time  
You've seen my worst, I've seen your best  
It's never been as obvious  
So when I think about the first time  
We ever met
