Haven't you heard I'm not the best at making sense
Of phrases and words, it's just a messy conversation
I try to warn you, but I thought that you would know by
now

Haven't you heard , I'm not someone you should rely
on
I'm only good at leaving town and writing sad songs
It seems like I don't care, well that's because I don't
right now

~Chorus~

I'm just gonna let you down
You'll pick me up but
I'm just gonna let you down
Don't pick me up cause
I'm just gonna let you down

I'll never give you one more reason you can hate me
I'm given up on being something I just can't be
My life has been misunderstood since I've been on a
stage

I'll never give you one more word that you can count on
Cause I'll just write it down and put it in a sad song
I get no kick from this, I'm just fixin the mess I've
made, made

~Chorus~

Please don't be so sensitive
Cause you don't like the way I live
I can't change the way it is
Don't get over it

Haven't you heard I'm not the best at making sense
Of phrases and words, it's just a messy conversation
I try to warn you, but I thought that you would know by
now

I'm just gonna let you down

You'll pick me up, But
I'm just gonna let you down
Don't pick me up cause
I will never let you down(x3)
