I found out what I've been missin'
You are enough to keep me
Wonderin' through the nights
That I've spent alone, alone

In hotels we are only voices
Kept safe and sound in phone lines
The distance makes the stronger weaken
So many days we'll never know

Well, don't give away
What we've tried so hard to keep

All things are said
I will be enough for you
Afraid or not
I will be enough for you

When I am gone
I will be enough for you
All things are said
I will be enough

The road we take will be the long one
So hold on tight, don't leave me
Take my hand, I'll bring you safely
To home, your home

Across the country this I promise
I'll be back to take you on a
Trip to sunny, sandy beaches
But first we've gotta meet halfway

Don't throw away love
We've worked so hard to make

All things are said
I will be enough for you
Afraid or not
I will be enough for you

When I am gone

I will be enough for you
All things are said
I will be enough

So don't worry about time
It's not on our side
It never was before

Just forget about time
It's not on our side
That's never stopped us before, before

All things are said
Will I be enough for you?
Afraid or not
I will be enough

All things are said
I will be enough for you
Afraid or not
I will be enough for you

When I am gone
I will be enough for you
All things are said
I will be enough for you
