There's something more, then something less  
Yeah, it's never obvious  
'Cause when I think about you  
It's like the first time

You've seen my worst, I've seen your best  
It's never been as obvious  
As when I think about the first time  
We ever met

(Just like the first time)  
She's got that temper  
But I've got that tender way to say  
That we've got a problem  
'Cause we know each other all too well

But what a contradiction  
We always say, we did it to ourselves  
But when I'm not with you  
I can think of nothin' else  
(Ohh)

It's something more, then something less  
Yeah, it's never obvious  
'Cause when I think about you  
It's like the first time

You've seen my worst, I've seen your best  
It's never been as obvious  
As when I think about the first time  
We ever met

(Just like the first time)  
Everything's quiet  
When there's a thousand things to say  
But, dear, I don't buy it  
'Cause I'm daring but I'm scared

You care, yeah, I'm a contradiction  
We always say we did it to ourselves  
But when I'm not with you  
I can think of nothin' else

(Ohh)

It's something more, then something less  
Yeah, it's never obvious  
'Cause when I think about you  
It's like the first time

You've seen my worst, I've seen your best  
It's never been as obvious  
As when I think about the first time  
We ever met

It always comes back to that first time  
(The first time)  
When every glass came with a sigh  
And every boy told me to try

The timing never seemed to go right  
(Go right)  
'Cause how could my love ever help  
When I barley know myself?  
(Ohh)

It's something more, then something less  
Yeah, it's never obvious  
'Cause when I think about you  
It's like the first time

You've seen my worst, I've seen your best  
It's never been as obvious  
As when I think about the first time  
Ohh

It's something more, then something less  
Yeah, it's never obvious  
'Cause when I think about you  
It's like the first time

You've seen my worst, I've seen your best  
It's never been as obvious  
As when I think about the first time  
We ever met
