

## **A Change Of Pace "War in Your Bedroom"**

Visit "[War in Your Bedroom](#)" on [MotoLyrics.com](http://MotoLyrics.com)

It's a war in your bedroom baby  
I'd cut off my tongue for just a taste  
Of a piece of your flesh my darlin'  
I've got no time to hesitate

The bathroom's fogging up with our heartbeats, sweat  
for me  
I watch your nails scraping down the back of my neck  
I've got a burnin' in my chest, it's callin' for your thighs  
This is me and you, you and me for the first time

I've been waitin', you've been dreamin'  
Of everything I'm talkin' about

It's a war in your bedroom baby  
I'd cut off my tongue for just a taste  
Of a piece of your flesh my darlin'  
We've got no time to hesitate

It's a war in your bedroom baby  
I'd cut off my tongue for just a taste  
Of a piece of your flesh my darlin'  
We've got no time to hesitate

I've got a picture perfect memory under the covers  
I'll say exactly what you want to hear, I'll make you  
scream  
There's not a drop of your innocence when you shiver  
Don't go low, stay all night, now you're mine

I've been waitin', you've been dreamin'  
Of everything I'm talkin' about

It's a war in your bedroom baby  
I'd cut off my tongue for just a taste  
Of a piece of your flesh my darlin'  
We've got no time to hesitate

It's a war in your bedroom baby  
I'd cut off my tongue for just a taste  
Of a piece of your flesh my darlin'  
We've got no time to hesitate

(Sex is everywhere)  
Sex is everywhere  
(Sex is everywhere)  
Sex is everywhere  
It's you and me  
It's you to me

(Sex is everywhere)  
Sex is everywhere  
(Sex is everywhere)  
Sex is everywhere  
It's you and me  
It's you to me

(Sex is everywhere)  
Sex is everywhere  
(Sex is everywhere)  
Sex is everywhere  
It's you and me  
It's you to me

It's a war in your bedroom  
It's a war in your bedroom

It's a war in your bedroom baby  
I'd cut off my tongue for just a taste  
Of a piece of your flesh my darlin'  
We've got no time to hesitate

It's a war in your bedroom baby  
I'd cut off my tongue for just a taste  
Of a piece of your flesh my darlin'  
We've got no time to hesitate
