I cannot ever find a way
To throw these darkened thoughts away
Need a place to hide

It's thrown in my face everyday
Guess that's the price I have to pay
For what's inside my mind

I'm alive
I'm alive
I'm alive
I'm alive
I'm alive
I'm alive
I'm alive
I'm alive

I am alive
I will never run away
Places inside
My heart screams inside with pride
Once I cried
Now I wipe away the tears
Once I died
Now I am alive

I'm alive
I'm alive
I'm alive
I'm alive
I'm alive
I'm alive
I'm alive
I'm alive

Little things tempt me everyday
Constant pain is how I like to play
Better not cross that line

Voices in my head happened to say
It's somethin' I can't throw away
What's inside my mind

I am alive
I will never run away
Places inside
My heart screams inside with pride
Once I cried
Now I wipe away the tears
Once I died
Now I'm alive

I bide my time
I'm intertwined
I'm fallin' in this place
I thought I left behind

I bide my time
I'm intertwined
I'm fallin' in this place
I thought I left behind

(Feelin' so alive)
I bide my time
I'm intertwined
I'm fallin' in this place
I thought I left behind

(Feelin' so alive)
I bide my time
I'm intertwined
I'm fallin' in this place
I thought I left behind

I'm alive
I'm alive
I'm alive
I'm alive

I am alive
I will never run away
Places inside
My heart screams inside with pride
Once I cried
Now I wipe away the tears
Once I died
Now I'm alive
