Everyone is looking at me
I can't get out of bed
There is evil in my head
Everyone just let me be
Because when I hit the stage
It is gone and I am free

Goddamn...Just sing and get up with me
You're the crowd, come on give it back to me
You all beg for me
...Beg for me
...Beg for me
Goddamn...Just sing and get up with me
You're the crowd, come on give it back to me
You all beg for me
...Be there for me
...Beg for me

Tell me, how could this be?
I am going insane
And by cry'n out, "Have my pain"
Everyone please let me be
Because when I hit the stage
It's gone and I am free

Goddamn...Just sing and get up with me
You're the crowd, come on give it back to me
You all beg for me
...Beg for me
...Beg for me
Goddamn...Just sing and get up with me
You're the crowd, come on give it back to me
You all beg for me
...Be there for me
...Beg for me

I feel the shame
I'm not insane
The things I feel now
Aren't the same
Who gives a fuck if my life sucks?
I just know one thing

I won't give up

Everyone just let me be
Everyone just let me be
Everyone just let me be

GoddamnÂ...Just sing and get up with me
You're the crowd, come on give it back to me
You all beg for me
Â...Beg for me
Â...Beg for me
GoddamnÂ...Just sing and get up with me
You're the crowd, come on give it back to me
You all beg for me
Â...Be there for me
Â...Beg for me
GoddamnÂ...Just sing and get up with me
You're the crowd, come on give it back to me
You all beg for me
Â...Beg for me
Â...Beg for me

Be thereÂ...For me
Be thereÂ...For me
Be thereÂ...For me
Be thereÂ...For me
