

Trying to find some kind of inner-link

So baby I ask youÂ...
(What do you want from me?)
So baby I ask youÂ...
(What do you want from me?)
So baby I ask youÂ...
(What do you want from me?)
So baby I ask youÂ...
(What do you want from me?)
So baby I ask youÂ...
(What do you want from me?)
So baby I ask youÂ...
(What do you want from me?)

You see this time, I cannot ever never love another cunt
You trick ass slut, love twice and you'll get fucked
You see this time, I cannot ever never love another cunt
You trick ass slut, love twice and you'll get fucked

AhÂ... Yeah

She's the epitome of sweet misery
The sweeter the stroke, the deeper the pain given
Posed as a angel, angle sex-driven
Dangerous sex kitten, warm as a mitten
FittÂ'nÂ' like a glove, with abstract relations
TestÂ'nÂ' all my patience, push comes to shove
Emotional masturbation
Â...FuckÂ'nÂ' with my love
Â...FuckÂ'nÂ' with my life
Â...FuckÂ'nÂ' all of the above

You see this time, I cannot ever never love another cunt
You trick ass slut, love twice and you'll get fucked
You see this time, I cannot ever never love another cunt
You trick ass slut, love twice and you'll get fucked
You see this time, I cannot ever never love another cunt
You trick ass slut, love twice and you'll get fucked
You see this time, I cannot ever never love another cunt
You trick ass slut, love twice and you'll get fucked
You see this time, I cannot ever never love another cunt
You trick ass slut, love twice and you'll get fucked
