Away
I see it's going down
Today
Hoping in time
Will bury all this pain
And will awake something inside

We push the button far inside
We tear our hearts out
Then we fight!

Wait, I know!
Feels like I lost everything that I've known
I cannot survive alone
Feels like I lost everything that I've known

Our lives
Were good in everyway
Too late
Time after time
Our love just turned to hate
But we stick by each others side

We push the button far inside
We tear our hearts out
Then we fight!

Wait, I know!
Feels like I lost everything that I've known
I cannot survive alone
Feels like I lost everything that I've known

I keep falling down
I feel I'm where I belong
Every time we fight, it feels so wrong
I feel so enslaved
Fuck my pride
Can we be ok

We push the button far inside
We tear our hearts out
Then we fight!

Wait, I know!
Feels like I lost everything that I've known
I cannot survive alone
Feels like I lost everything that I've known
