I feel you all around me,  
Your footsteps, surrounds me.  
You keep telling me what I want to hear.  
Ah, you're beautiful, so talented,  
I need you, we got a thing.  
You ever need something I'll be right there.

Fear is a place to live.  
Rip up the mask from your head,  
Show me the real face that you hide.

I see you, from a mile away,  
Keep staring, acting like you gotta say,  
You're beautiful, so talented,  
I need you, we got a thing.  
You ever need something I'll be right here.

Fear is a place to live.  
Rip up the mask from your head,  
Show me the real face that you hide.

Fake-ass people surround me,  
They're always nice to begin.

Digging their claws.  
Fake-ass people surround me,  
Digging their claws right in me.  
They're always nice to begin but,  
I always get fucked in the end.

Fake-ass people surround me,  
Digging their claws right in me.  
They're always nice to begin but,  
I always get fucked in the end.  
I always get fucked in the end.  
I always get fucked in the end.  
I always get fucked in the end.

Fear is a place to live.  
Rip up the mask from your head,  
Show me the real face that you hide.

Fake,  
Ass.  
Fake,  
Ass.

Fear is a place to live.  
Rip up the mask from your head,  
Show me the real face that you hide.
