Verse One: Ice Cube

Come and hear the voice of the man they call the Trojan Horse

Ride on the outside, with inner force

Throw you off course, of course, you missed the runway

We mash, like the first kickoff, on a Sunday

Collisions, divisions of niggaz, down to listen

And when we on the mission, call your mortician

Join the party, I can provide the army!!

First we flank em then we spank em.. I outrank em!

You can call me Citizen Kane, for my reign

Ten years great, one of the ten great

Mr. Media, look inside your encyclopedia

2002, see Ice Cube

Fuck a five-star, I'm a live star

What you got to die for? Who you wanna ride for?

Fuck dying! (Fuck dying!)

Don Mega! \*echoes\* [repeat line 2X]

Verse Two: Ice Cube

It's the suspect king of the roughnecks, bonafide

Worldwide, your highness, the finest

Big as China, nigga rhymer, chart climber

Quick to send a first-timer back to his Aunt Jemimah

Physi-cal, nigga roll with the winners

After these dinners, go out and represent us

We got antennas, scanners and satellites  
To see if you battle right, we got to bite  
Hold on tight, shake, and pump venom  
Som
