Pounding it starts again
Hurting, oh where do I begin?
Screaming they dance around my head
Hoping they'll maybe end up dead

Feeling it grab hold, what can I say?
Feeling fucked up again
(I've got to kill to fight)
I can't fucking give in
(I feel that I can fight)
Can't I ever win?
(I'll keep it on my mind)
Here it comes again

Silence it goes away
Patience oh really should I stay?
Trying so hard to get ahead
Failure is often where I'm lead

Feeling it grab hold, what can I say?
Feeling fucked up again
(I've got to kill to fight)
I can't fucking give in
(I feel that I can fight)
Can't I ever win?
(I'll keep it on my mind)
Here it comes again

Oh, I must hold on
Oh, I won't be gone
Oh, I won't stop now
Oh, I don't know how
Why I can't hold on?
(Here we go again)
Why I can't be gone?
(Here we go again)
Why I can't stop now?
(Here we go again)
Why I don't know how?
(Here we go again)

Here we go again

(Again)
Here we go again
(Again)
Here we go again
(Again)
Here we go again
(Again)
Here we go again
(Again)
Here we go again
(Again)
Here we go again
(Again)
Here we go again

Feeling it grab hold, what can I lay?
Feeling fucked up again
(I've got to kill to fight)
I can't fucking give in
(I feel that I can fight)
Can't I ever win?
(I'll keep it on my mind)
Here it comes again
