"Hypocrites"

Your messiah was never mine
Your messiah was never mine
Your messiah was never mine
Your messiah was never mine
Your messiah was never mine
Your messiah was never mine
Your messiah was never mine
Your messiah was never mine
Your messiah was never mine
Your messiah was never mine

Hypocrites!

Weeping rows of Jeremiah
Drops of blood drip off your mantle
Representing all our tears
In a ring of burning metal

How you gonna be, what you gonna say
It doesn't bother me, who you gonna pay

Sorcerers and sadists come
To define the what and why
People travel across this earth
Over water, land, and sky

How you gonna be, what you gonna say
It doesn't bother me, who you gonna pay

Pay the ferryman, pay the fucking driver
Pay the preachers and pay the fucking liars
Pay the pictures they're touching up their paint, stand
by
I'm not gonna pay, It's already mine

Hypocrites
I'm gonna do it blind
Hypocrites
I'm gonna do it blind
Hypocrites
I'm gonna do it blind
Hypocrites

Your messiah was never mine

Weeping rows of Jeremiah
Purity unlike no other
Offers help to those who need it
Don't forget can't to thy brother

How you gonna be, what you gonna say
It doesn't bother me, who you gonna pay

Little old lady at home
Writing out a check to send
It's all the money that she owns
She believes the world might end

How you gonna be, what you gonna say
It doesn't bother me, who you gonna pay

Pay the ferryman, pay the fucking driver
Pay the preachers and pay the fucking liars
Pay the pictures they're touching up their paint, stand
by
I'm not gonna pay, It's already mine

Hypocrites
I'm gonna do it blind
Hypocrites
I'm gonna do it blind
Hypocrites
I'm gonna do it blind
Hypocrites
Your messiah was never mine

Hypocrites!

Pay the ferryman, pay the fucking driver
Pay the preachers and pay the fucking liars
Pay the pictures they're touching up their paint, stand
by
I'm not gonna pay, It's already mine

Hypocrites
I'm gonna do it blind
Hypocrites
I'm gonna do it blind
Hypocrites
I'm gonna do it blind
Hypocrites

Hypocrites!
Hypocrites!

Hypocrites!
