Feeling out of place
Something must be wrong
Emotions in my space
Tight grip holding on

I can't control the events around me
I can't console the stress inside me
And once I turn off my brain
I realize I am alive

I want you to see
I'm trying to please
Everyone around me
I'm down on my knees
The stress makes me bleed
It feels like they're all stabbing me

Feeling out of place
Why must I hold on
Anger I can taste
Thightlip self is gone

I can't control the events around me
I can't console the stress around me
And once I turn off my brain
I realize I am alive

I want you to see
I'm trying to please

Everyone around me
I'm down on my knees
The stress makes me bleed
It feels like they're all stabbing me

What the fuck do you want from me
I am just a human being
Living my life to please everyone
I can't do this anymore
Being everybody's whore
Being everybody's whore
Being everybody's whore

Being everybody's whore
Being everybody's whore

For what?, I'm gonna stand up and please me

I want you to see
I'm trying to please
Everyone around me
I'm down on my knees
The stress makes me bleed
It feels like they're all stabbing me

... being everybody's whore... [x3]
